Who's Who Legal

Expertise

As a leading law firm in Switzerland, our strong experience and expertise in transactions allows us to assist clients in mergers and acquisitions, restructurings, investments, projects financing, commodities and trade finance, equity finance, bond issues and other projects in Africa.

We can offer our extensive know-how in particular in terms of process, due diligence of target companies, negotiations and drafting of agreements, and this in various growing sectors such as infrastructure, transport, energy, natural resources, new technologies and telecom, as well as representation in related disputes.

Schellenberg Wittmer brings together world-leading experts, top legal practitioners with diverse backgrounds, and training, and distinct international outlooks. Our team constantly develops and enriches its knowledge on Africa by leveraging its unparalleled understanding of the cultural, political and legal landscape, along with commercial distinctions, in multiple jurisdictions within the continent.

While our bond with French-speaking Africa is particularly strong, we also assist clients on continent-wide matters with the help of close collaborators and our strong network of local counsel. This collaboration guarantees the same high standard of service for our clients for this specific market as they have come to expect from us internationally.
